

The background features a white central area framed by purple wavy borders at the top, bottom, and sides. Along these borders are several light purple flowers with green stems and leaves, arranged in a vertical sequence on each side.

Blossomia

Project overview

The problem:

- *Lack of stores offering creative flower designs.*
- *High flower prices with limited customization options.*
- *Challenges in preserving the beauty of natural flowers.*

The goal:

To establish a flower shop that specializes in offering creative, customizable bouquets for all occasions while promoting the culture of gifting flowers.

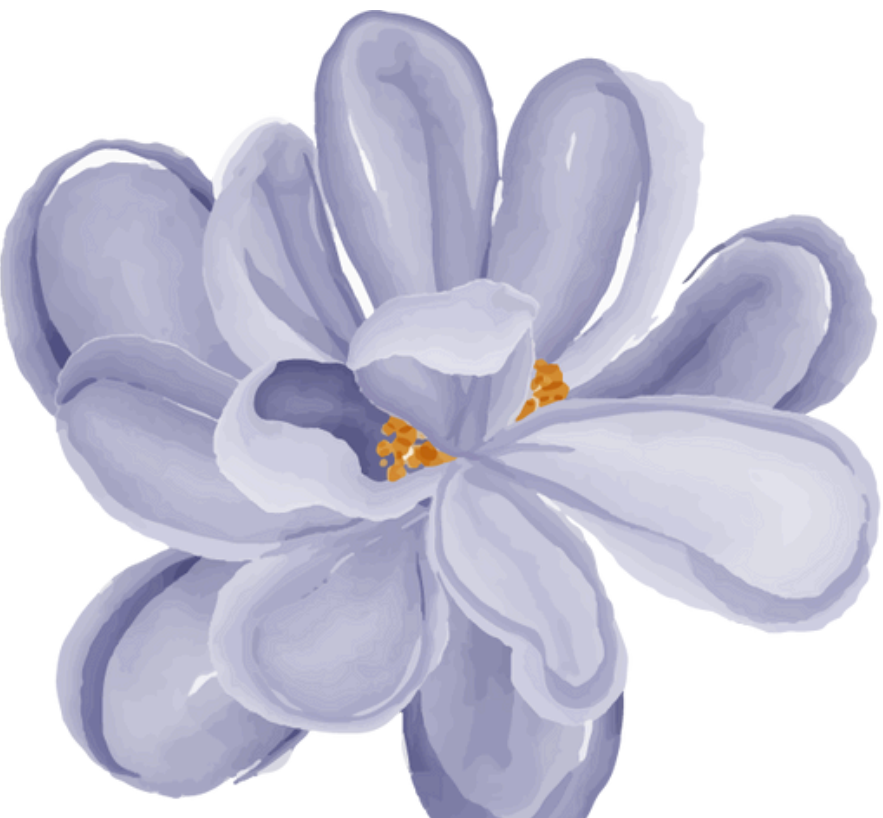

Understanding the user

- 
- *User research*
 - *Personas*
 - *Problem statements*
 - *User journey maps*

User research: summary

We conducted interviews with flower enthusiasts and individuals who frequently gift flowers. We found they struggle to find customisable, affordable, and creative options.

User research: Pain Point

1

Limited options
for creative
flower
arrangements

2

High prices for
premium
flower
arrangements

3

Lack of guidance
on preserve
flowers for a
longer time

4

Limited delivery
services for
customized
bouquets

A portrait of a young woman with dark hair, wearing a black hijab and a black garment with gold embroidery. She is smiling slightly and looking towards the camera.
